EDITORIAL

Corporate clothing brands play an important role in the fashion sector, and represent much more than just textile brands. They embody **a distinctive style and a corporate identity**.

At Kariban Premium, we attach great importance to offering products **made from top-quality, premium materials** for professions that require high-quality clothing.

Our wardrobe is made up of **timeless, chic pieces** in a **palette of classic, sober colours**. Our pieces are designed to be combined, to create uniforms and to be worn every day to the office, in the field or at special events.

At the heart of our collections are products made from **Merino wool**, renowned for its insulating properties, and **Supima® cotton** grown in the United States, whose extra-long fibre provides strength and softness. Every detail is carefully considered to ensure a perfectly tailored garment that stands out from the crowd.

Our styles are entirely **No Label**, which means that there is no label sewn inside our products, only a size tag for **easy decoration**. Each of our items is therefore fully customisable, which **fosters a sense of belonging within a team and raises a brand's profile**.

If you're looking for an on-trend, timeless **corporate wardrobe**, **Kariban Premium** is here to meet all your needs.

GLOSSARY

Merino wool is much finer and softer than conventional wool. It is thermoregulatory, making use of its natural heat regulation system. The breathable qualities of the fabric offer considerable advantages in terms of comfort and durability.

Cotton with longer, more resistant and softer fibres. SUPIMA® is a registered trademark and a guarantee of quality for fabrics made from American Pima cotton.

Water repellent materials have been treated with a product designed to repel water. Water flows in droplets and cannot soak into the fabric which remains breathable.

Made by hand.

LSI (Low Shrinkage Interlock): high-quality interlock treated to significantly reduce shrinkage; perfect printing, excellent comfort.

Product made in Italy.

Product made in Portugal.

Product without a brand label to allow easier decoration.

Breathable garment or fabric. The permeability indicated corresponds to the water vapour in grams that can evaporate from a surface of one square metre in 24 hours. The higher this figure, the more breathable the fabric.

3-layer waterproof fabric.

Treatment allowing easy care.
